SUMMARY

SaaS Product Designer with 4+ years of experience designing AI-driven, data-intensive platforms, enterprise dashboards, and B2B systems across sustainability, ERP, and marketplace domains. Specialized in end-to-end product design, from user research to developer handoff, with a strong focus on data visualization, design systems, and conversion optimization. Proven ability to simplify complex workflows, improve usability, and deliver scalable design solutions for global teams across India and the UAE.

WORK EXPERIENCE

Net Carbon Vision

Mar 2025- Present

Product Designer | UX/UI Designer

SustainOS: AI-Powered Carbon Emissions Monitoring Platform (Web Application)

- Led end-to-end UX design for a multi-tenant enterprise SaaS platform, enabling organizations to monitor and report carbon emissions across complex structures
- Designed role-based dashboards and modular reporting systems, improving usability for diverse stakeholders
- Built scalable interaction design systems, reducing design inconsistencies and accelerating development cycles
- Delivered developer-ready Figma prototypes with annotations, improving handoff efficiency

SustainOS Pockets: Mobile Application (iOS & Android)

- Designed mobile-first dashboards enabling field teams to access real-time emissions data
- Introduced chatbot-driven workflows, improving data access and reducing dependency on desktop tools
- Improved reporting efficiency and accessibility for distributed operational teams

Corporate NCV Website - (AI Sustainability Platform)

- Designed a conversion-focused responsive website communicating complex AI solutions to enterprise users
- Improved clarity of product messaging through data storytelling and UX writing.

Corporate TWG Website - Investment Platform (Dubai / UAE)

- Designed an enterprise-grade investment platform showcasing multiple portfolio companies.
- Improved navigation clarity and user trust through structured information architecture.

Coda Technology Solutions

Feb 2022 – Mar 2025

Product Designer | UX/UI Designer

Prosol: Master Data Management SaaS Platform (Web Application)

- Led the full UX lifecycle (research → design → delivery) for ERP-style SaaS platform.
- Designed dashboards for asset management, procurement workflows, and BOM systems.
- Built a component-based design system, improving scalability and reducing design time.
- Collaborated closely with engineering teams to ensure pixel-perfect implementation.

Goospares: B2B Industrial Equipment Marketplace (Web Application)

- Designed end-to-end buyer and seller journeys, including product discovery and transaction flows
- Improved search efficiency and trust signals, enhancing platform usability

iStoke: Warehouse Verification Mobile Application

- Designed a mobile solution for real-time inventory verification.
- Improved operational efficiency and reduced manual errors in warehouse workflows.

Corporate Prosol Website

- Designed marketing website to position SaaS product for enterprise clients.
- Focused on conversion, clarity, and product storytelling.

ADDITIONAL DESIGN WORK

Adhyantha Technologies: Hybrid Learning Platform (Web & Mobile)

UX/UI Designer | Graphics Designer

- Designed UX for hybrid learning platform (web + mobile).
- Improved course discovery and learning experience for students and professionals.
- Delivered complete UI and functional prototypes for development.

Branding & Visual Identity Design

UX/UI Designer | Graphics Designer

- Designed brand identity systems, including logos, guidelines, brochures, and marketing materials.
- Ensured consistent visual communication across digital and print platforms.

CORE SKILLS

- End-to-End Product Design (Discovery - Handoff)
- SaaS & Enterprise B2B UX
- Information Architecture & User Flow Mapping
- Wireframing & High-Fidelity Prototyping
- Design Systems & Component Libraries
- Data Visualization & Dashboard Design
- Jira / Scrum Design Workflows
- Branding & Marketing Collateral
- Foundational HTML & CSS

TOOLS & TECHNOLOGIES

- Figma, Sketch, Miro, Jira, InVision, Adobe Illustrator
- Basic HTML, CSS

TOOLS & TECHNOLOGIES

Bachelor of Engineering in Electronics & Telecommunication Engineering

Aug 2017 - Apr 2021

Karpagam College of Engineering, Coimbatore, India

Higher Secondary School Leaving Certificate

Jun 2016 - May 2017

Sri Vidya Mandir Matric HR Sec School, Rasipuram, Namakkal, India
